

2ND GRADE

Mrs. Whelan * Mrs. Warren * Ms. Babilonia * Ms. Alvarado

Mathematics

Students will be developing and working towards mastering

- Numbers and Routines
 - Addition and Subtraction Facts
 - Place Value, Money, Time
 - 2D and 3D Shapes
 - Whole Number Operations and Number Stories
 - Fractions and Decimals
 - Measurements
- 

Reading Workshop

Whole Group

- Students will be using *Open Court* which focuses on comprehension, vocabulary, and fluency.
 - *Words their Way* is a program that focuses on Phonics. Students identify and sort words based on a given phonic skill.
- 

Small Group Instruction

- **Guided Reading:** a context in which a teacher supports each reader's development of effective strategies for processing novel texts at increasingly challenging levels of difficulty.
- 

Writer's Workshop

Students will author, illustrate, and publish their own stories, poems, and books.

Lucy Calkins Writer's Workshop aids in this process by teaching student how to take their own experiences and write about them.

Social Studies and Science

Students will be working with thematic units throughout the school year and participating in hands-on activities.
